GREATLIFE SALINA

Talk of the Town

At the beginning of the year the former Salina Elks Golf Club was purchased by local owners and partnered with GreatLife Golf & Fitness to help steer the club in a new direction.

While more improvements and upgrades are being planned I think it is safe to say "WOW, a job well done." GreatLife Salina is the "talk of the town" for positive reasons.

The new fitness center is a smashing success. Precor Equipment, Fitness on Request, 24/7 Access, etc. Clubhouse remodeling will continue in 2012. Despite record heat this summer, the course is in good shape with the fall fertilizing and overseeding program completed. We are currently working with the owners on a possible zoysia conversion that could take the quality of the course to levels that are not possible with cool season turf. This will be a process with several holes being converted each season. This process and other improvements could be accelerated, if enough members choose to participate in our capital improvement campaign.
